Governing question

Do you have to contradict misinformation — or is there a better way?

Video (≤ 5 min)

No video — a live experiment in the room

“Tap water is unhealthy.” Two halves: slip A (denial) / B (bypassing: price, no plastic bottle), vote 1–5

HMW seed

respond + to misinformation + so that it works and stays fair

Warm-up: dm-quiz QR — ?session=bypassing

The Sprint (30')

Live experiment (instead of video)

5m

Pick 1–2 exercises (20')

To discuss: ☐ HMW + #wall + vote ☒ Why it matters

→ 2' duos: one case — bypassing ok, denial needed, or dodging? · 3' round: 1 sentence per group

To make it stick: ☐ TRIAD listening ☐ Teach-back
