Governing question

What does an election really decide — and who believes the result?

Video (≤ 5 min)

No video: experiment and three cases.

Live experiment "How much do you trust this result?" · then Brazil, Serbia, USA

HMW seed

read an election result + so that it is clear what is settled

Warm-up: dm-quiz QR — ?session=elections

The Sprint (30′)

Live experiment + three cases **5m**

Pick 1–2 exercises (20′)

To discuss: ☐ HMW + #wall + vote ☑ Why it matters

→ Open discussion: count fast or slow? When to question a result? What does an election mean to us?

To make it stick: ☐ TRIAD listening ☐ Teach-back
